

SAN DIEGO STATE
UNIVERSITY

National GeoTech Center (NGTC)

Geospatial Technology

2011 Summer Workshop

July 18 (Mon), 19 (Tue), 20 (Wed)

This NGTC workshop will provide:

- Introduction to geospatial technology (GIS, remote sensing, GPS, and cartography).
- 3 full days (9am - 4pm) of hands-on training by professional trainers (GIS etc).
- Customizable geospatial learning modules for your own classes and students as well as textual materials.
- \$1000 stipend upon completion of three day course and the submission of a GIS education plan.
- Free registration (\$150 value) to ESRI Education User Conference on July 9-12, 2011 in San Diego.

How to register for this workshop:

- *Qualification:* must be a secondary school teacher or community college educator or instructor (Previous 2009 and 2010 participants can not re-take this workshop).
- Limited to 20 - 25 seats only. (selected by workshop committee members).
- Please fill out the attached registration form and email to mtsou@mail.sdsu.edu and kyanow@swccd.edu by **March 31, 2011**.
- Accepted participants will be notified by email by April 30, 2011.

Additional Information:

Hosts: Professor Ming Tsou, SDSU and Professor Ken Yanow, SWC

Instructors: Anita & Roger Palmer, GISetC.

Location: San Diego State University, Geography SAL lab.

Date: July 18, 19, and 20, 2011

Time: 9:00AM – 4:00PM

Cost: FREE (sponsored by NSF and the GeoTech Center)

This workshop is being funded via two National Science Foundation (NSF) Advanced Technological Education (ATE) grants (DUE #0501247 and #802408). Opinions expressed at the workshop are those of the authors and not necessarily those of the National Science Foundation.
